PWA & Service Workers

Express.js & MongoDB

PHP Laravel & MySQL

PROFILE

Age 29
Experience 5 Years
Role Frontend & Full Stack Developer
Also Backend development experience
Location Tehran, Jomhouri Street

MOHAMAD NOSRATI

FRONTEND DEVELOPER

5 YEARS OF EXPERIENCE • TEHRAN, IRAN • OPEN TO REMOTE

Frontend Developer with 5 years of experience building scalable web and mobile applications with **React**, **Next.js** and **React Native**. Strong frontend architecture and state-management expertise, with practical backend experience across **Node.js**, **Express**, **PostgreSQL**, **MongoDB**, **Laravel** and **MySQL**.

PROFESSIONAL EXPERIENCE

1

Motemayez

July 2026 – Present

Full Stack Developer

Full-time / Freelance

Designing and delivering scalable **React.js** frontends backed by **Express.js** data services and **PostgreSQL**. Architecting and maintaining an **API Gateway** within a scalable multi-layer service architecture.

Project: Student Assistant — [cheestee.com](#) Reference: Mohsen Khojaste — Tech Lead · +98 991 414 4192

2

Ide Kavan

November 2025 – March 2026

Front-End Developer

Full-time

Led technical enablement programs covering **AI Fluency**, **Prompt Engineering**, **MCP Servers**, **RAG** pipelines and **n8n** automation; delivered hands-on training in **Micro Frontend** architecture, **Docker** containerization and professional **Git** workflows.

Projects: Behtarino ([behtarino.com](#)), Reval, SMS-MicroFrontend, Admin Panel, Back-office
Reference: Milad Afkhami — Frontend Chapter Lead · +98 939 284 0749

3

Mobtakeran

April 2025 – November 2025

Front-End Developer

Part-time

Engineered scalable web and **React Native** applications within a **Monorepo** architecture, leveraging **SWR** and **Ant Design** to deliver optimized data fetching and enterprise-grade UI.

Project: Mobedu — [exam.mobedu.ir](#) Reference: Mohamad Shariat — Tech Lead · +98 939 585 2725

4

Fannvaran Tosee Amn

March 2024 – November 2025

Front-End Developer

Full-time

Developed high-performance interfaces with **Zustand**, **React Query**, **RESTful APIs**, **React Hook Form**, **HeroUI**, **Tailwind CSS** and **ECharts** — emphasizing scalable state management and rich data visualization.

Reference: Mohamad Hosein EPakchian — CTO · +98 915 480 1941

5

Sarooj Contractor Company

March 2023 – April 2023

Full Stack Developer

Freelance

Maintained and enhanced client-facing dashboards, resolved complex state-management issues, and shipped reusable, production-ready component packages.

Project: Sarooj — [saroojcontractor.com](#) Reference: Mohamad Hosein EPakchian — CTO · +98 915 480 1941

6

Doctorize Project

March 2023 – December 2023

Full Stack Developer

Freelance

Architected the backend of a LinkedIn-style professional platform with **PHP Laravel** and **MySQL**, implementing MVC patterns, ORM, RESTful API routes, AJAX, email workflows and Jobs, Events & Listeners.

Reference: Turaj ArminPour — Tech Lead · +98 912 816 7840
